T35 Series

- **Super endurance**
The battery compartment can support a battery with a capacity of up to 100AH, providing 3 hours of continuous working time
- **Intelligent brush disc speed**
The cleaning brush will gradually accelerate and reach the rated speed after starting to ensure that the ground will not be damaged by the brush. It is worn by sudden operation, effectively protecting ground luster and reducing brush hair loss

Highly integrated control panel

The angle of brush head to ground can be adjusted

Battery Cable version

Squeegee assembly/brush cover are both collocated with anti-collision design

Compact size, flexible to operate
Compact size, flexible to operate, better for cleaning narrow and crowded area, can either forward, or retreat

Ergonomic Handle, comfortable while operating
Ergonomic Handle, many way to hold it, Improved operator comfort and cleaning flexibility

Easy to do maintenance
No tools needed when change the rubber blade, one blade can be used in four ways, very durable

Solve the problem of charging (T35B)
Build-in charger, more convenient in charging

Parameters

	T35E	T35B
Working width	430mm	
Squeegee width	780mm	
Efficiency	1845m ² /h	
Brush pressure	35Kg	
Brush RPM	180rpm	
Brush motor	AC110V/750W	DC24V/550W
Vacuum motor	AC110V/230/400W	DC24V/400W
Solution tank	35L	
Recovery tank	40L	
Dimension	1150*490*1100mm	
Battery	12V*2	
Cable length	15m	
Battery weight	26Kg*2	
Equipment weight	53Kg	

Application scenarios
